Dear Dr Dharwadkar

Visiting Scholar

I am pleased to invite you to become a Visiting Scholar in the School of Science and Technology at Nottingham Trent University for a period of 3 months commencing on 18th April 2022. Your academic host during your visit will be Dr Mufti Mahmud, who will assist you with your short term Post Doc.

Visiting Scholar status is not a paid position and we would expect your home institution and/or your Scholarship Council award to cover all your living costs and expenses throughout your stay. We are also not able to contribute to any research fieldwork expenses or conference attendance fees and expenses.

Please confirm in writing that you wish to accept the position of Visiting Scholar on the terms and conditions set out in this letter.

I hope that your stay with us is both productive and enjoyable.

Comments:

Versha, I loved your energy and the level of preparation in all of your three lessons. In all your teach backs, you went beyond what is in the keynotes and that is good and bad 😊 but mostly good 👍. In the future, use the keynotes as a guide on what needs to be covered for that particular topic. I like your transitions between each part in the Loops lesson and how you stated the problem before moving into explaining the Swift Code. The introduction to UIKit lesson is one of my favorites and showing more excitement would make that lesson lots of fun. We have lots of tools to pick from and don't be afraid to show them to your students. For Building Simple Workflow lesson, it is all about the Human Interface Guideline. You did very well explaining the topics in the Keynotes but in the future, I recommend visiting Human Interface Guideline and explaining the different parts of navigation strategies. In the end, you are going to be a great instructor and with your passion and energy, you gonna be a good addition to the Apple Certified Instructor family.

Recommendations:

I recommend Versha to be certified as an **Apple Certified Trainer** for **App Development with Swift**.

Comments from other Peers

Good explaining skills. Very good presentation and communication. Good presentation and very detail. But sometimes its take to long. Maybe need to make it shorter during some presentation. But in a class it is okay. Very good and you have give many information of the topic even though the topic is all about user experience..... couldn't attend.

Sub: Appointment as a VC-Nominee of BoS in Department of Computer Science and Engineering at ADCET.

Dear Sir,

Greetings!

With reference to our communication earlier, we have formed Board of Studies (BoS) in Computer Science and Engineering for academic years 2022-23 to 2024-25. We really thank you for accepting our invitation. BoS is the academic body having the functions such as preparing syllabi for various courses; suggesting methodologies for innovative teaching and evaluation techniques; guiding and coordinating research, teaching, extension and other academic activities in the department/college.

We are glad to let you know that you are appointed as Member (VC- Nominee), Board of Studies of Computer Science and Engineering at Annasaheb Dange College of Engineering and Technology. This appointment will be for academic years 2022-23 to 2024-25. Your expertise and experience would definitely strengthen our department to excel in academics.

The frequency of the meetings is once/twice in a year. We will communicate regarding the actual schedule well in advance to make you available for the meeting.

Thanking you,

Suhail

Chairman, Board of Studies
